

**REGULAR MEETING OF THE BOARD OF COUNTY COMMISSIONERS  
PONDERA COUNTY, MONTANA  
Held in July 2022**

The Board of Pondera County Commissioners met daily in informal session and in scheduled meetings on July 6, 13, 20, and 27, 2022.

**JULY 6, 2022 REGULAR MEETING OF THE COMMISSION:**

PRESENT: Commissioner Thomas Kuka, Commissioner Dale Seifert, Commissioner Jim Morren, Clerk & Recorder Kody Farkell, Deputy Clerk & Recorder Tammy Bartsch, Road/Bridge Superintendent Steve Kaphammer, Sanitarian Corrine Rose, Public- Don Mecham

PUBLIC COMMENT ON OLSEN MINOR SUBDIVISION-

Don Mecham voiced concerns regarding possible effects to his nearby well, permitted in 2012. Sanitarian Corrine Rose informed Mecham and the Commissioners on the state laws.

RESOLUTION TO LOAN TO FUNDS HAVING NEGATIVE CASH BALANCES AT FISCAL YEAR END

PONDERA COUNTY, MONTANA  
RESOLUTION #1 – 2022/23  
LOAN TO FUNDS HAVING NEGATIVE CASH BALANCES  
AT FISCAL YEAR END

WHEREAS, generally accepted standards for governmental accounting does not allow for negative cash balances in any fund, including reimbursable grant funds, at the close of the fiscal year; and

WHEREAS, three County funds,  
Fund 2851, E-911 & GPS/GIS Grant (\$11,004.25)  
Fund 2964, Alliance For Youth Grant (\$5,605.68)  
Fund 2971, WIC Grant (\$6,792.77)

have negative cash balances as of June 30, 2022 due to the nature of the funds as reimbursable grant funds; and

WHEREAS, Pondera County General Fund has sufficient cash to loan the funds having negative cash balances on June 30, 2022 in order that the funds will not have a deficient cash balance; and

WHEREAS the funds shall repay the loan and interest at 0% per annum to the general fund from the revenue to be received, anticipated to be in July 2022

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Pondera County that the Clerk and Recorder effect the loans to any and all funds having negative cash balances on June 30, 2022 from the county General funds and that the loans be repaid as stated above as soon as feasible.

Adopted this 6<sup>th</sup> day of July, 2022 as moved by Commissioner Kuka, seconded by Commissioner Morren, and passed on a 3-0 vote of the board. Effective upon passage and approval.

BOARD OF COUNTY COMMISSIONERS  
Pondera County, Montana

SECOND AMENDMENT TO MEMORANDUM OF UNDERSTANDING FOR MONTANA DISTRIBUTORS AND JANSSEN OPIOIDS SETTLEMENT

Commissioner Morren moved to the second amendment to the Memorandum of Understanding with the State of Montana for all funds from the settlement be used for remediation and abatement of opioid associated harms. Commissioner Kuka seconded the motion. Motion carried.

INTERLOCAL AGREEMENT TO DESIGNATE THE PONDERA COUNTY JUSTICE OF THE PEACE AS CONRAD CITY JUDGE APPROVED –

Commissioner Kuka moved to approve the Interlocal Agreement to Designate The Pondera County Justice of the Peace as Conrad City Judge. The city shall pay a fee in the amount of \$100. Also, and the City shall thereafter pay, 50% of the costs of judicial and staff training. The Agreement shall automatically renew for a two-year term. Commissioner Morren seconded. Motion carried.

REQUESTS FOR PROPOSALS FOR COURTHOUSE ELEVATOR MAINTENANCE CONTRACT –

Commissioner Kuka moved and Commissioner Morren seconded to solicit proposals for Pondera Courthouse elevator maintenance contract. Motion carried.

**BEFORE THE  
PONDERA COUNTY COMMISSION  
PONDERA COUNTY, MONTANA**

<b>IN THE MATTER OF THE APPLICATION FOR PRELIMINARY PLAT APPROVAL FOR THE OLSEN MINOR SUBDIVISION</b>	<b>STAFF REPORT and Suggested Findings dated June 21, 2022</b>
---	--

PURSUANT to the Montana Subdivision and Platting Act, Section 76-3-101 through 76-3-614, Montana Codes Annotated, and the Pondera County Subdivision Regulations (CSR'S), Pondera County reviews the proposed preliminary plat submittal for this 3-lot minor subdivision, "Olsen Minor Subdivision", as submitted by the applicant together with the required supplementary information and public comment, to determine if the information submitted meets the requirements of the Montana Subdivision and Platting Act and the CSR'S.

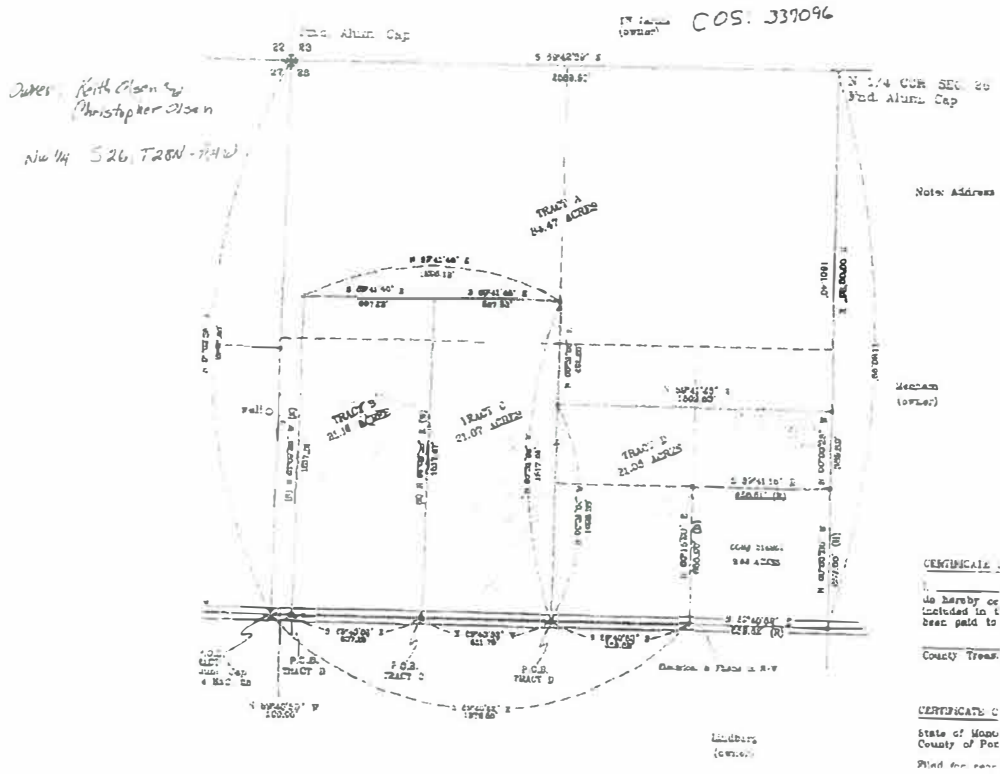

**I) FINDINGS OF FACT**

**A) Project Summary**

- **Proposal**  
Keith A. and Christopher M. Olsen are proposing a 3 -lot minor subdivision of 63.27 acres approximately 6 miles west of Conrad to the north of Sam George Road. It has access via Sam George Road. According to Pondera County Sanitation Review # 22-03-17, the three proposed Tracts (B, C, & D) will be served by individual drilled water wells and individual wastewater treatment systems. Utilities such as power, cable, etc. that will serve the tracts will be located within the existing and the proposed utility easements as depicted and labeled upon the preliminary plat (Figure 2.). The subject tracts have been previously platted; however, they were created with agricultural use only restrictions, which the applicant now wishes to lift. Please note that Tract A already exists and has agricultural restrictions placed upon it that are not being removed and should not be considered part of this subdivision.

Figure 3: Utility Layout

Project Characteristics

Size	Tract B = 21.15 Acres Tract C = 21.07 Acres Tract D = 21.05 Acres Total = 63.27 Acres
Present Land Use	Grazing
Access	Sam George Road
Utilities	On-site utilities. Standard utility easements being provided as per the preliminary plat.
Water / Sewer	Individual wells and septic/drainfield systems
Adjacent land uses	Vacant / Ag
Zoning	None
Annexation	No
Covenants	No
Special Improvement District	None reported
Public Comment Received	<ul style="list-style-type: none"> <li>• Potential buyer of one of the Tracts inquiring as to if they need to attend the meeting or not. Her husband is pouring concrete the day the meeting is scheduled.</li> <li>• Neighboring landowner visited the Clerk &amp; Recorder's office to inquire why the survey monuments weren't in a straight line.</li> </ul>

**SUBDIVISION ADMINISTRATOR REPORT**

The recommendations of the subdivision administrator are stated below and based on the subdivision application materials and preliminary plat provided by the applicant's agent and in accordance with the Pondera County Subdivision Regulations (CSR'S).

- **Compliance with the CSR'S Subdivision Regulations and 76-3-608(3)(b)(ii), MCA**

The application has been reviewed according to Section III (Review Procedures for Minor Subdivisions) of the CSR'S. The application complies with these sections. The final plat application will be reviewed by the Subdivision Administrator prior to approval to ensure it complies with conditions of preliminary plat approval and the Montana Uniform Standards for Final Subdivision Plats.

- **Compliance with applicable zoning regulations**

No zoning exists for the subject parcel.

- **Compliance with Subdivision and Platting Act & CSR'S Criteria**

**(a) Impact on Agriculture**

This subdivision will create 3 residential use lots where there is currently grazing. Three additional residences in this area does not appear to have a substantial impact to any nearby agricultural properties. Adjoining neighbors were notified via USPS of the Commissioner's preliminary plat application meeting. *All residents will be required to follow a weed management plan, which will require County approval prior to final plat application.*

**(b) Impact on Agriculture Water User Facilities**

It appears there will be no impact by this subdivision based on maps and information provided in the application. Applicant states that there are no agricultural water user facilities located within the subject property such as ditches, canals, pipelines, etc. Therefore, it appears that no agricultural water user facilities will be affected by the proposed subdivision.

**(c) Effects on Local Services**

**Roads**

The proposed subdivision will provide 3 Tracts for new residences along Sam George Road. No new roads are proposed to be constructed to provide legal and

physical access to each lot. Each lot will be responsible for construction of an individual driveway from Sam George Road after each lot is sold and developed. The applicant provided a letter for Pondera County Road and Bridge Supervisor that the subdivision will have no impact on Sam George Road, and that landowner's wishing to construct driveway approaches will be required to fill out an encroachment agreement and have the approaches inspected by Pondera County before they are installed. All approach construction and related improvements such as culvers and ditches will be paid for at the landowner's expense.

Fire Department:

The applicant provided a letter from the Conrad Volunteer Fire Department stating that the department responds to wild land or structure fires west of Conrad within 20 miles, and that the proposed development is 8.3 miles from their station with an estimated response time of 12 minutes.

Sheriff's Department

The applicant provided a letter from the Pondera County Sheriff that the average drive time to this location is 14 minutes and an emergency response by law the Sheriff's law enforcement agency should be approximately 10 minutes. Serving as dispatch center for medical and fire, estimated response times are estimated at 15 minutes.

Addressing:

No new addressing is being proposed at this time. Pondera County Disaster & Emergency Services will issue addresses when the new Tracts are developed.

Utilities:

All planned public utility locations are to be located within the existing and proposed easements as shown on the preliminary plat. *All existing or proposed easements are a requirement of final plat submittal.*

Education:

A letter from the Transportation Director for the Conrad Public Schools was provided stating that the proposed subdivision is served by route 8, which has space to accommodate new riders from residences within the proposed subdivision.

Sewer, Water, and Stormwater, and Solid Waste:

The Pondera County Sanitarian has reviewed and approved the proposed

facilities as per Pondera #33-03-17 Olsen, K&C. *The review approval requires that the developer and/or owner of record shall provide purchasers of the property with a copy of the plat, the sanitation approval document, and the lot layout and that instruments of transfer of this property shall contain references to the approval conditions.*

**(d) Impact on the Natural Environment**

No impacts on the natural environment by adding 3 new houses along Sam George Road have been identified. The applicant has provided a letter from the Pondera History Association that they are not aware of any historical significance to the subject land.

*A weed management plan was accepted by the Pondera County Weed District on 4/20/22, with a comment that the subdivision will be re-checked in the summer.*

**(e) Impacts on Wildlife and Habitat**

The proposed subdivision being a minor subdivision, an environmental assessment is not required. Therefore, wildlife and habitat were not addressed in the application. Due to the location of the proposed location of the three new residential tracts being located along an existing road and the tracts being greater than 20 acres, impacts on wildlife and wildlife habitat are thought to be minimal.

**(f) Impact on Public Health and Safety**

Existing potential man-made hazards (e.g., high pressure gas lines, lack of fire protection, cumulative impacts):

No impacts on Public Health and Safety that would require further mitigation have been identified.

*Public review and comment period will be allowed at the Commission preliminary plat application meeting.*

Roads:

No new roads will be constructed.

Emergency Services:

Emergency service response times are estimated to be between 12 to 15 minutes.

- **Compliance with the Montana Subdivision and Platting Act, including but not limited to 76-3-608(3)(b)**

**(a) Compliance with survey requirements**

The preliminary plat complies with the CSR'S preliminary plat requirements.

*The final plat must comply with the Uniform Standards for Final Subdivision Plats and will be reviewed by Pondera County's Examining Land Surveyor and Subdivision Administrator prior to final approval.*

**(b) Compliance with the subdivision review procedures of the Pondera County Subdivision Regulations**

- Pre-application meeting 05/16/2022
- Preliminary plat application submitted: 06/10/2022
- Element Review completed: 06/15/2022
- Sufficiency Review completed: 06/16/2022
  - *Application found to be missing information*
- Additional information received: 06/21/2020
- Final Sufficiency Review completed: 06/21/2022
- Report/Suggested Findings 06/21/2022
  - *Subdivision Administrator's report and suggested conditions of approval sent to County applicant Keith Olsen.*
- Planning Board meeting determined to be not applicable for this application.
- Adjoining landowner notification letters sent: 6/22/2022
- Commission Meeting publicly noticed: 6/22/2022
- Commission Meeting 07/06/2022

- **Prerequisites to Approval (§ III-A-6 of the CSR'S) and compliance with the Montana Subdivision and Platting Act, including but not limited to 76-3-608(3)(c) and (d)**

The governing body may not approve or conditionally approve a subdivision application and preliminary plat unless the proposed subdivision:

- (a) **Provides easements for the location and installation of any planned utilities, both on and off site.**

Utility easements will be created and defined upon the final subdivision plat as a condition of approval.

- (b) **Provides legal and physical access to each parcel within the subdivision and the notation of that access on the applicable plat and any instrument transferring the parcel.**

Legal and physical access notation provided upon the preliminary subdivision plat.

- (c) **Assures that all required public or private improvements would be installed before final plat approval, or that their installation after final plat approval would be guaranteed as provided by Section II-B-4 of the CSR'S.**

Water, Sewer, Stormwater, and Solid Waste as permitted and discussed above. Utilities will be installed at the new Tract owner's expense. New tract owners will be made aware of this as per sanitation review and approval requirements. Dry utilities provided by others shall follow platted utility easement locations.

- (d) **Assures that the requirements of 76-3-504(1)(j), MCA, regarding the disclosure and disposition of water rights as set forth in Section VI-O of the CSR'S have been considered and would be accomplished before the final plat is submitted.**

Page A-3 of the applicant states that water rights have not been severed from the property. The application and follow-up letter from Keith Olsen also state that there are currently no water rights attached to the subject property.

- (e) **Assures that the requirements of 76-3-504(1)(k) regarding watercourse and irrigation easements as set forth in Section VI-N of the CSR'S have been considered and will be accomplished before the final plat is submitted.**

Neither the preliminary plat nor the application material indicates any watercourse or irrigation utilities upon or adjoining the subject property. Keith Olsen also states in a follow-up letter that there are no agricultural ponds or ditches that are used for irrigation on or neighboring the subject property.

• **Compliance with the Montana Subdivision and Platting Act.**

- (a) **In reviewing a subdivision and when requiring conditions/mitigation, the Commission may not unreasonably restrict a landowner's ability to develop land, but it is recognized that in some instances the unmitigated impacts of a proposed development may be unacceptable and will preclude approval of**

- the plat.
- (b) When considering a proposed subdivision application and requiring conditions/mitigation, the Commission shall consult with the subdivider and shall give due weight and consideration to the expressed preference of the subdivider.

- Compliance with the Pondera County Growth Policy.

The 2011 County Growth Policy was reviewed with respect to the location of this property, and it has been determined that the growth policy is not a useful guiding document for this development due to the age of the growth policy and the illegibility of maps within.

**Suggested Conditions of Approval**

1. The final plat and plans shall be in substantial compliance with the preliminary plat and plans reviewed and approved by the governing body, except as modified by these conditions. [CSR'S II-B]
2. The final plat and supplements shall comply with the Uniform Standards for Final Subdivision Plats and shall be reviewed by Pondera County's Examining Land Surveyor and Subdivision Administrator prior to final approval. [CSR'S II-B-7, MCA 76-3-492 and MCA 76-3-611]
  - a. All existing and proposed easements shall be illustrated upon the final plat.
3. Prior to filing of the final plat, the subdivider shall provide proof that all real property taxes and special assessments assessed and levied on the property are paid for the current tax year; including any past delinquencies. [MCA 76-3-611(1)(b)]
  - a. Please note that this condition is met by the County Treasurer's signed certification to the above upon the face of the final plat and is required before the final plat can be filed [ARM 24.183.1107(3)(a)].
4. Upon approving or conditionally approving a subdivision application and preliminary plat, the Commission will provide the applicant with a dated and signed statement of approval. This approval shall be in force for thirty six (36) months from the date of the written decision. The board of county commissioners may, at its discretion and at the written request of the applicant, extend its approval of the preliminary plat. [CSR'S III-A-6(f)]
5. The following conditions of approval shall appear on the final plat or supplemental conditions of approval sheet:
  - a. a notation stating that the information shown is current as of the date of the subdivider's plat certification, and that changes to any land-use restrictions or encumbrances may be made by zoning regulations, easements, or other documents as allowed by law or by local regulations. [ARM 24.183.1107(4)(a)]

A party, as defined by 76-3-625 M.C.A., who is aggrieved by a decision of the Commission may, within thirty (30) days after this decision, appeal to the Pondera County District Court.

ROAD CLOSURES APPROVED FOR DUPUYER GRIZZLY DAY, AUGUST 6

Dupuyer Community Club requested temporary street closure of Morton Avenue between Teton Street and Dupuyer Street for the Grizzly Day Celebration on Saturday August 6, 2022. They will contact the Department of Transportation for usual permits and the Pondera County Sheriff's Office requesting Law Enforcement to stop and or reroute traffic for the Parade down Highway 89 from 11AM for approximately 30/45 minutes. Commissioner Morren moved, Commissioner Kuka seconded, to approve the road closure request.

NOXIOUS WEED MANAGEMENT PLAN APPROVED

Commissioner Kuka moved to approve the Noxious Weed Management Plan for Pondera County 2022 as prepared by the Pondera County Weed District. Commissioner Morren seconded. Motion carried.
